Dear Dr Okafor,

We would like to thank you for completing the ESTHER Small Grant application process.

We appreciate your time and work in ensuring your partnership adheres to the ESTHER Charter for Quality of Partnerships.

It is with great pleasure that we inform you that your application was successful. The reviewers found your proposal of a high quality, however, they would like to highlight a discrepancy between the funding requested and the funding available. Your partnership has requested €10,000 and the ceiling of the grants available for this round is €8,000.

Please clarify whether the €8,000 available will be sufficient to develop your partnership and achieve your planned outcomes, and send us any further information along with this signed

We greatly appreciate regular updates on partnership progress to feature on our website and Panorama Newsletter and would invite you to keep us updated on your work by emailing info@esther.ie.

Congratulations on the fantastic work of your partnership and we are proud to support you as an ESTHER partner. The HSE and ESTHER Ireland team will be in touch to discuss your application further, and provide support for your health partnership.
